Panama to New York

The Banco Nacional de Panama has asked me to write to you as follows:

They are considering placing an order with you for 100.000 drafts, the printing and color to be exactly similar to the last lot of drafts prepared by you, with the exception that, instead of the duplicate falling at the foot of the original, it should be so arranged as to fold backwards, allowing both original and duplicate to be filled in without the necessity of detaching the original from the duplicate as is now the case.

It is also requested, if possible, that you use the same quality of paper used in previous lots, which develops a yellow spot if any acids or eradicator is applied.

Enclosed are two samples furnished by the Bank: No.1 showing the type of printing and color desired (excepting the arrangement of the duplicate draft), and Nº2 showing the quality of paper desired.

Kindly advise when convenient the cost of 100.000 drafts as above indicated.

November 21, 1945.

We have the pleasure of referring to your favor of the 13th requesting a price on 100,000 sets of O. & D. drafts and from which we observe the bank now desires to return to the use of the more expensive Safety paper which prevailed prior to their order of 1941.

As we mentioned to the bank in our letter of July 29, 1941, a copy of which letter was sent to you at the time, Crane's ABNCo. Safety paper, which had been used up to then and which is the paper of the sample No. 2 enclosed with your letter under reply, is the best paper for the purpose. From your letter, however, it would appear that the bank thinks that the Duo Safe paper, more recently used, is lacking in the safety feature of showing a yellow spot when an ink eradicator is applied. As this is an erroneous idea we take this opportunity to mention that the Duo Safe paper is sensitized to react against many of the commonly used eradicating liquids. We observe that on the sample No. 1 enclosed with your letter and which was printed on Duo Safe paper, the liquid was applied without staining the paper but as there was no writing on the sample we doubt if the liquid was of sufficient strength or remained on the paper long enough to remove writing if it had been there. For the proper test an actual attempt should be made to remove writing from the paper.

For furnishing 100,000 sets of O. & D. drafts, rearranged as requested, so that the duplicate will be on the back of the sheet, and printed on Crane's ABNCo. Safety paper, as per the aforementioned sample No. 2, the price is - $1,675.00.

Placing the duplicate on the back of the sheet, so that by folding it up it will be in a position so that both original and duplicate can be filled in without detaching the two forms, doubles the number of printing and related operations, which, of course, increases the expense considerably. If the previous arrangement were to be maintained, that is - with both the original and duplicate on the face of the sheet, but printed on Crane's ABNCo. Safety paper, the price would be - $1,350.00.

We observe from sample No. 1 sent us to show the type of printing, there has been added by the bank an exemption clause in the upper left corner, the currency designation in two places, the place of issue and the name of the drawee. Our above mentioned quotations include the alteration of the plate necessary to print these additional items but, thinking that possibly the bank did not intend to have them included by us, we would say that if they are to be omitted and the text is to remain exactly as we last printed it, the above prices may be reduced by $50.00.

All the above figures are in U.S. Currency, F.O.B. New York.

We look forward with interest to your further advices relative to this prospective order, and meanwhile we remain,

Yours very truly,

AIR MAIL

DATE February 14, 1946.

Panama to New York

Receipt is acknowledged of your letters of November 21st, 1945 and February 6th, 1946, regarding O. & D. Drafts for the Banco Nacional de Panama.

The Bank advised that they are interested in 100.000 sets of drafts, re-arranged so that the duplicate will be on the back of the sheet, as explained in my letter of November 13th, 1945, and printed on Crane's ABNCo. safety paper, price of which -- $1.675.00 -- was quoted by you. From the price quoted there should be a reduction of $50.00, since the additions made to the Drafts by the Banco Nacional de Panama, referred to in the 5th paragraph of your letter of November 21st, 1945, should not be included.

The Bank is **amxious** to know if the printing on the Crane's ABNCo. safety paper will be of the type that when dampened or rubbed by an erasor or ink eradicator applied will show the reactions similar to the Duo Safe paper drafts now in use, which meets with the Bank's approval.

The coat-of-arms of the Republic to appear on these Drafts should have nine stars and the motto "Pro Mundi Beneficio". As last plate on F-10853 Bks orders of Aug. 9, 1940

Dear Sir:

Receipt is acknowledged of your letters of December 5th, 1945 and February 5th, 1946, requiring U. S.A. Drafts for the Banco Nacional de Panama.

The Bank advised that they are interested in 100.000 sets of drafts, re-arranged so that the duplicate will be on the back of the sheet, as explained in my letter of November 15th, 1945, and printed on Crane's #1000. safety paper, price of which -- $1.875.00 -- was quoted by you. From the price quoted there should be a reduction of $50.00, since the additions made to the drafts by the Banco Nacional de Panama, referred to in the 5th paragraph of your letter of November 21st, 1945, should not be included.

The Bank is anxious to know if the printing on the Crane's #1000. safety paper will be of the type that when dampened or rubbed by an eraser or ink eradicator applied will show the reactions similar to the Duo Safe paper drafts now in use, which meets with the Bank's approval.

February 19, 1946.

We take pleasure in referring to your favor of the 14th advising that the bank is interested in 100,000 sets of drafts, rearranged to phace the duplicate on the back of the sheet and for which the price will be $1,625.-- inasmuch as the additional text to which we previously referred is not to be included. We will be pleased to maintain this price even though we now observe that the coat of arms is again to be changed, inasmuch as this will involve merely the substitution of the arms previously used and for which the engravings are available.

Relative to the third paragraph of your letter we would say that our proposal includes the printing of the underlying pantographic tint in soluble and sensitive ink, as was done on the drafts last supplied, so that the application of liquids, or rubbing by an eraser, will result in the ready removal of the tint. As this is the point on which the bank wanted confirmation before placing the order, we trust we will shortly be receiving their instructions to proceed with the work.

Yours very truly,

Asst. Manager Foreign Department.

Dear Sirs:

In view of your letter of November 21st last and that of February 19, 1946, we authorize you to prepare for us the following:

100,000 Drafts, original on face and duplicate on the back, so that when folded over it will be in such position that both will be filled in at one time without detaching them; on Crane's A.B.N.Co. Safety paper; that the printing and color be as per the specimen, sensitive, and that the coat of arms will contain nine stars and the text "Pro Mundi Beneficio". (Enclosed is a specimen of the forms.)

We take note that the price will be $1,625.00,- that is, the one indicated by you $1,675.00 less $50.00 because the additions to be printed regarding currency, banks, exemptions, etc., have to be printed on by us here, as may be needed .

If we have omitted any detail please advise us so as to clarify the same at once.

Awaiting your reply, we remain

We are very pleased to learn from yours of the 23rd that the bank has decided to order - 100,000 sets of O. & D. drafts. Their order has not yet reached us but undoubtedly it will shortly and meanwhile we will get things ready to put the work in hand.

We reiterate our understanding that the drafts to be printed at this time are to be the same as last furnished, except:-

1) We are to revert to the coat of arms as was printed on the drafts furnished against their order of August 9, 1940 and previously;
2) The paper is to be Crane's A.B.N.Co. Safety;
3) The document is to be re-arranged by placing the duplicate on the back of the sheet, so that by folding it up and inserting a carbon both copies can be filled at one time.

on surrender of this certificate, which conveys the right of collecting any such loss as fully as if the property were covered by a special policy direct to the holder hereof, and free from any liability for unpaid premiums. This certificate is subject to all the terms of the open policy, provided, however, that the rights of a bona fide holder of this certificate for value shall not be prejudiced by any terms of the open policy which are in conflict with the terms of this certificate.

The following Warranties shall be paramount and shall not be modified or superseded by any other provision included herein or stamped or endorsed hereon unless such other provision refers specifically to the risks excluded by these warranties and expressly assumes the said risks.

(A) Notwithstanding anything herein contained to the contrary, this insurance is warranted free from capture, seizure, arrest, restraint, detainment, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise; also warranted free from all consequences of hostilities or warlike operations (whether there be a declaration of war or not); but this warranty shall not exclude collision, contact with any fixed or floating object (other than a mine or torpedo), stranding, heavy weather or fire unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purpose of this warranty "power" includes any authority maintaining naval, military or air forces in association with a power.

Further warranted free from the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising therefrom, or piracy.

(B) Warranted free of loss or damage caused by or resulting from strikes, lockouts, labor disturbances, riots, civil commotions or the acts of any person or persons taking part in any such occurrence or disorder.

In case of loss or damage please follow instructions on the reverse side of this certificate.

It is hereby agreed that any loss or claim under this Certificate shall be paid at the office of the Company in New York, or at the offices of the Agents of the Company, Exchange Buildings, Liverpool, or at the Agency of the Company at port or place of destination, or, if the Company is not represented at port or place of destination, at the nearest Agency amongst those specified in the list on back hereof.

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

NOTICE—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

ON DECK—Merchandise and/or goods shipped on deck which must be so specified in this certificate are insured.—Free of particular average unless caused by the vessel being stranded, sunk, burnt, on fire, or in collision, but including jettison and/or washing overboard, irrespective of percentage.

1. This insurance attaches from the time the goods leave the Warehouse and/or Store at the place named in the certificate or special policy for the commencement of the transit and continues during the ordinary course of transit, including customary transhipment if any, until the goods are discharged overside from the overseas vessel at the final port. Thereafter the insurance continues whilst the goods are in transit and/or awaiting transit until delivered to final warehouse at the destination named in the certificate or special policy or until the expiry of 15 days (or 30 days if the destination to which the goods are insured is outside the limits of the port) whichever shall first occur. The time limits referred to above to be reckoned from midnight of the day on which the discharge overside of the goods hereby insured from the overseas vessel is completed. Held covered at a premium to be arranged in the event of transhipment, if any, other than as above and/or in the event of delay in excess of the above time limits arising from circumstances beyond the control of the Assured.

2. Held covered while on craft to and from the vessel. Each lighter or craft to be considered as if separately insured. The Assured not to be prejudiced by any agreement exempting lightermen from liability.

3. This insurance shall not be vitiated by any unintentional error in description of vessel, voyage or interest, or by deviation, over-carriage, change of voyage, transhipment or any other interruption of the ordinary course of transit from causes beyond the control of the Assured. It is agreed, however, that any such error, deviation or other occurrence mentioned above shall be reported to this Company as soon as known to the Assured, and additional premium paid if required.

4. Notwithstanding any average warranty contained herein, these assurers agree to pay any landing, warehousing, forwarding, or other expenses and/or particular charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package, piece, or unit totally lost in loading, transhipping or discharge.

5. In case of loss or injury to any part of a machine consisting, when complete for sale or use, of several parts, these assurers if liable therefor under the terms of this policy, shall only be liable for the insured value of the part lost or damaged.

6. In case of damage affecting labels, capsules or wrappers, these assurers, if liable therefor under the terms of this policy, shall be liable only for an amount sufficient to pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the goods.

7. Including General Average and Salvage Charges according to United States laws and usage and/or as per Foreign Statement and/or as per York-Antwerp Rules (as prescribed in whole or in part) if in accordance with the Contract of Affreightment.

8. Including the risk of explosion, howsoever or wheresoever occurring during the currency of this insurance, unless excluded by the F. C. & S. Clause or the S. R. & C. C. Clause set forth herein.

9. Where this policy by its terms covers while on docks, wharves, or elsewhere on shore and/or during land transportation, such coverage shall include the risks of collision, derailment, or overturning of the conveyance, fire, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks, and to pay loss or damage caused thereby, even though the insurance be otherwise F.P.A.

10. The assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party. The seaworthiness of the vessel as between the assured and the Underwriters is hereby admitted and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable on the policy. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations, and to be towed.

11. Warranted free of claim for loss of market or for loss, damage or deterioration arising from delay, whether such delay be caused by a peril insured against or otherwise, unless the risk of delay is expressly assumed in writing hereon.

12. Where goods are shipped under a Bill of Lading containing the so-called "Both to Blame Collision" Clause these assurers agree, as to all losses covered by this insurance, to indemnify the assured for this policy's proportion of any amount (not exceeding the amount insured) which the assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the assured agrees to notify the assurers who shall have the right at their own cost and expense, to defend the assured against such claim.

13. Warranted that this insurance shall not inure, directly or indirectly, to the benefits of any carrier or bailee.

SPECIAL CONDITIONS

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotion Warranties appearing elsewhere hereon.

While on deck of ocean vessel:—

"Free of Particular Average unless caused by the vessel and/or interest insured being stranded, sunk, burnt, on fire or in collision with another ship or vessel or with ice or with any substance other than water, but liable for jettison and/or washing overboard, irrespective of percentage."

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, or in case of loss by theft, pilferage, non-delivery or negligence (if covered by this insurance) in order to save for yourselves or your underwritors, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known and a copy thereof and a reply thereto must accompany any claim presented under this insurance certificate, in addition to the usual certificate of loss issued by the Underwriters Agent. Filing claim against the carrier will not affect your rights under your insurance certificate.

on surrender of this certificate, which conveys the right of collecting any such loss as fully as if the property were covered by a special policy direct to the holder hereof, and free from any liability for unpaid premiums. This certificate is subject to all the terms of the open policy, provided, however, that the rights of a bona fide holder of this certificate for value shall not be prejudiced by any terms of the open policy which are in conflict with the terms of this certificate.

The following Warranties shall be paramount and shall not be modified or superseded by any other provision included herein or stamped or endorsed hereon unless such other provision refers specifically to the risks excluded by these warranties and expressly assumes the said risks.

(A) Notwithstanding anything herein contained to the contrary, this insurance is warranted free from capture, seizure, arrest, restraint, detainment, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise; also warranted free from all consequences of hostilities or warlike operations (whether there be a declaration of war or not); but this warranty shall not exclude collision, contact with any fixed or floating object (other than a mine or torpedo), stranding, heavy weather or fire unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purpose of this warranty "power" includes any authority maintaining naval, military or air forces in association with a power.

Further warranted free from the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising therefrom, or piracy.

(B) Warranted free of loss or damage caused by or resulting from strikes, lockouts, labor disturbances, riots, civil commotions or the acts of any person or persons taking part in any such occurrence or disorder.

In case of loss or damage please follow instructions on the reverse side of this certificate.

It is hereby agreed that any loss or claim under this Certificate shall be paid at the office of the Company in New York, or at the offices of the Agents of the Company, Exchange Buildings, Liverpool, or at the Agency of the Company at port or place of destination, or, if the Company is not represented at port or place of destination, at the nearest Agency amongst those specified in the list on back hereof.

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

NOTICE—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

Not valid unless countersigned by J. M. FLYNN or B. BERTOSEN

ON DECK—Merchandise and/or goods shipped on deck **which must be so specified in this certificate are insured.**—Free of particular average unless caused by the vessel being stranded, sunk, burnt, on fire, or in collision, but including jettison and/or washing overboard, irrespective of percentage.

1. This insurance attaches from the time the goods leave the Warehouse and/or Store at the place named in the certificate or special policy for the commencement of the transit and continues during the ordinary course of transit, including customary transhipment if any, until the goods are discharged overside from the overseas vessel at the final port. Thereafter the insurance continues whilst the goods are in transit and/or awaiting transit until delivered to final warehouse at the destination named in the certificate or special policy or until the expiry of 15 days (or 30 days if the destination to which the goods are insured is outside the limits of the port) whichever shall first occur. The time limits referred to above to be reckoned from midnight of the day on which the discharge overside of the goods hereby insured from the overseas vessel is completed. Held covered at a premium to be arranged in the event of transhipment, if any, other than as above and/or in the event of delay in excess of the above time limits arising from circumstances beyond the control of the Assured.

2. Held covered while on craft to and from the vessel. Each lighter or craft to be considered as if separately insured. The Assured not to be prejudiced by any agreement exempting lightermen from liability.

3. This insurance shall not be vitiated by any unintentional error in description of vessel, voyage or interest, or by deviation, over-carriage, change of voyage, transhipment or any other interruption of the ordinary course of transit from causes beyond the control of the Assured. It is agreed, however, that any such error, deviation or other occurrence mentioned above shall be reported to this Company as soon as known to the Assured, and additional premium paid if required.

4. Notwithstanding any average warranty contained herein, these assurers agree to pay any landing, warehousing, forwarding, or other expenses and/or particular charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package, piece, or unit totally lost in loading, transhipping or discharge.

5. In case of loss or injury to any part of a machine consisting, when complete for sale or use, of several parts, these assurers if liable therefor under the terms of this policy, shall only be liable for the insured value of the part lost or damaged.

6. In case of damage affecting labels, capsules or wrappers, these assurers, if liable therefor under the terms of this policy, shall be liable only for an amount sufficient to pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the goods.

7. Including General Average and Salvage Charges according to United States laws and usage and/or as per Foreign Statement and/or as per York-Antwerp Rules (as prescribed in whole or in part) if in accordance with the Contract of Affreightment.

8. Including the risk of explosion, howsoever or wheresoever occurring during the currency of this insurance, unless excluded by the F. C. & S. Clause or the S. R. & C. C. Clause set forth herein.

9. Where this policy by its terms covers while on docks, wharves, or elsewhere on shore and/or during land transportation, such coverage shall include the risks of collision, derailment, or overturning of the conveyance, fire, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks, and to pay loss or damage caused thereby, even though the insurance be otherwise F.P.A.

10. The assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party. The seaworthiness of the vessel as between the assured and the Underwriters is hereby admitted and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable on the policy. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations, and to be towed.

11. Warranted free of claim for loss of market or for loss, damage or deterioration arising from delay, whether such delay be caused by a peril insured against or otherwise, unless the risk of delay is expressly assumed in writing hereon.

12. Where goods are shipped under a Bill of Lading containing the so-called "Both to Blame Collision" Clause these assurers agree, as to all losses covered by this insurance, to indemnify the assured for this policy's proportion of any amount (not exceeding the amount insured) which the assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the assured agrees to notify the assurers who shall have the right at their own cost and expense, to defend the assured against such claim.

13. Warranted that this insurance shall not inure, directly or indirectly, to the benefits of any carrier or bailee.

SPECIAL CONDITIONS

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotion Warranties appearing elsewhere hereon.

While on deck of ocean vessel:—

"Free of Particular Average unless caused by the vessel and/or interest insured being stranded, sunk, burnt, on fire or in collision with another ship or vessel or with ice or with any substance other than water, but liable for jettison and/or washing overboard, irrespective of percentage."

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, or in case of loss by theft, pilferage, non-delivery or negligence (if covered by this insurance) in order to save for yourselves or your underwritors, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known and a copy thereof and a reply thereto must accompany any claim presented under this insurance certificate, in addition to the usual certificate of loss issued by the Underwriters Agent. Filing claim against the carrier will not affect your rights under your insurance certificate.

Gentlemen:-

We have in our possession evidence of several forgeries through erasure or other means of tampering with drafts issued by us (original and duplicate) in forms printed by you, in paper said to be forgery proof or safety paper that leave no traces of the operation; a party came to our Bank and bought from us several $10 drafts drawn on The Chase National Bank of the city of New York, in New York, and when presented for payment, were, of course, referred to the proper department to verify if they have been duly advised by us and it was due to the fact that none of them were in conformity with our advices that the Chase National Bank refused payment, giving us immediate notice; we do not know how on earth the trick is done, but it may be that if you apply to the Chase National Bank, in New York, they may possibly be in position to give you additional information on this regard and it may be that they will be able to show you one of these forgeries. Whosoever is operating in this line, is actively doing so in Colombia, as evidence shows that the forgeries have been disposed of in that country.

This letter is not formal complain or claim; is written to you only for your own benefit. We are very much interested in this matter and will be very grateful to you if you care to let us know regarding your findings.

which was raised to $100.00, in such a clever manner that only because Chase National Bank was already on the qui vive, it was not paid for the $100.00, as that Bank many times pay our drafts before corresponding advices reach them.

Re. duplicate draft No. 47/45799 submitted by the bank with its letter of March 12, 1947.

From the coat of arms and text which have undergone various changes from time to time, it is apparent the above draft was printed on either F11295 entered May 22, 1942, shipped July 1942, or F11431 entered Dec. 24, 1942, shipped February 1943.

Both orders were executed in Chicago and called for printing on Duo Safe Check 24 lb. paper with tint in Sol. Sens. 245 Red.

HISTORY: From 1923 to 1927 we prepared several lots of O. & D. drafts for this bank on ABNCo. Bond 20 lb. paper with tint printed in oil ink 8955 Red (not sensitive nor soluble).

In January 1929 paper was changed to Crane's ABNCo. Safety No. 25, tint remaining in oil ink and several reprints were executed in the same manner until August 1940.

About the middle of 1941 the bank informed us they had been approached by another firm (obviously Todd) offering a product difficult to falsify. We reiterated the superiority of ABNCo. Safety and offered to change the tint printing from oil ink to either non-soluble sensitive or soluble sensitive. Also again referred to Duo Safe Check paper, which we had previously offered, if economy was the inducement.

In October 1941 they placed an order, accepting Duo Safe paper with soluble sensitive tint (No. 245 Red).

Two reprints, except for change in coat of arms, were prepared in this manner, these being F11295 and F11431, above mentioned, on which was printed the draft they reported had been raised.

In March 1946 they placed another order, instructing us to revert to Crane's ABNCo. Safety No. 25, the tint remaining in soluble sensitive No. 245 Red. The coat of arms was again altered and the form rearranged by placing the duplicate on back of the sheet so that by folding it up and using carbon paper both original and duplicate could be typed at once. This was the last order received.

Re: Banco Nacional de Panama - Altered Draft

Attached herewith is duplicate of Draft No. 47/45799 of the above, which shows the amount of $100.00 (CIEN,00/100), whereas the draft was originally drawn for $10 (DIEZ,00/100). The alterations can be easily observed. The Bank asks for our comments on "this important matter."

From our records we believe the drafts were shipped in February of 1943. Our order indicates the use of Duo Safety paper and Soluble Sensitive Ink #245 Red. I have just been informed that last year we prepared additional checks for them using Crane's ABNCo Safety paper.

I would like to tell the Bank that the use of a check-writing machine can lend itself to successful alterations. Is the ink used in their check-writing machine so-called indelible or just ordinary?

Further, do you not think it would be better to remove the panel in the upper right corner, where the amount is shown, from our face printing and merely put in a ruled panel to be part of the sensitive ink? The presence of a permanent ink on the top of the sensitive would seem to make detection of an alteration more difficult.

As in the case of most of these inquiries, it is highly desirable that I give the Bank an answer without delay. I would therefore appreciate it if you would let me have your response by tomorrow or the next day.

Re: Banco Nacional de Panama
Altered Draft

Referring to your letter of the 19th instant, relative to the alteration that was accomplished on an altered draft prepared for the above bank, we attach herewith, a copy of our laboratory report # which fully explains the reason for the alteration.

We might also supplement their comments by stating that if they actually used a check writing machine for this particular draft, it was very much less protective than had it been filled in with an ordinary typewriter. It lacked any penetration of the typewritten material through the sheet and furthermore the imprinted legends were in the form of dots which permitted mechanical erasure more readily than a continuous line. We also agree with your statement that an improvement could be made by having the ruled panel as part of the sensitive ink tint. ##

We return herewith the draft that was submitted for our observation.

Altered Draft

re: Letter of Mr. A.L. Schomp, President, dated March 19, 1947
to Mr. A.A. Wittnebel, Manager

- -

We have examined the duplicate of Draft No. 47/45799 which now shows the amount of $100 (CIEN, 00/100) whereas the draft was originally drawn for $10 (DIEZ, 00/100).

This draft was prepared on Duo Safe paper using Soluble Sensitive Ink #245 Red for the background tint. However, the alteration was accomplished by mechanical procedures not by chemical eradication. Therefore, the protective values of the safety paper and the soluble sensitive ink are not under question in this alteration.

The alteration was successful for two reasons:

1. Checks prepared on this type of check writing machine are easily manipulated.

2. The similarity in the Spanish language of the words DIEZ($10) and CIEN ($100) made this particular alteration extremely simple. In fact the manipulation was accomplished by the removal of only 12 to 15 small spots of carbon deposited by the check writing machine.

The use of check writing machines generally tends to weaken the protective values of any check, but the use of this particular type of check writing machine is particularly bad, since it offers no more protection than an ordinary typewriter.

In the above letter, Mr. Schomp writes that a minor change in the design of our face plate would materially add to the protection offered the customer of this particular check. We subscribe to this belief as it is not correct to place a permanent non-sensitive ink in an area where changes will have to be made in the event an alteration is attempted. If the design of this check were altered in the amount panel in the upper right hand corner to include fine ruling in soluble sensitive ink, we believe that this check would offer the customer greater protection, but such an improvement could be readily defeated if the checks were prepared on the type of check writing machine used in preparing duplicate Draft No. 47/45799.

H. Uribe Ochoa detenido por estafa

Hernando Uribe Ochoa, colombiano, de cuarenta años de edad, se encuentra detenido como sindicado del delito de estafa y falsedad en perjuicio del Banco Nacional y del Chase National Bank of New York, según información obtenida por un representante de este diario.

Aunque no nos ha sido posible obtener la suma exacta de la estafa, se nos ha informado que ésta asciende a varios miles de balboas. La investigación correspondiente se encuentra a cargo del Lic. C. Darío Sandoval, Fiscal Segundo del Circuito, quien trabaja activamente en este asunto, en el cual se cree que se encuentra complicada una banda internacional de ladrones y estafadores.

Según se ha podido establecer, los miembros de la banda compraban giros por distintas sumas de dinero en el Banco Nacional de esta ciudad y contra el Chase National Bank of New York, a favor de personas imaginarias y después de alterarlos aumentando considerablemente su valor, cambiaban éstos en ciudades de otros países y especialmente en Barranquilla, Colombia.

Ochoa fué detenido mientras trataba de comprar un giro a nombre de Luis Perea, quien en varias ocasiones había adquirido giros falsificando luego su valor. La estafa y falsificación fué descubierta al hacer un chequeo el Chase National Bank de Nueva York.

El detenido Uribe Ochoa, rindió declaración indagatoria ayer mismo, ante el Fiscal Sandoval, manifestando que compraba los giros por orden de Luis Perea, individuo que aún no ha podido ser localizado y que se cree que no existe.

Además de Luis Perea, los giros eran comprados a favor de Pedro Estrada, Alfonso Ramírez y Enrique Lujano. Entre los falsificados hay tres giros que fueron comprados por diez balboas y cuyo valor fué alterado a mil balboas, los cuales fueron hechos efectivos en Barranquilla, Colombia.

Gentlemen: Attention Mr. E. Barrera, Sub-Manager

We have for acknowledgement yours of March 3rd, which we did not receive until some time after we had received yours of March 12th with the altered duplicate draft #47-45799, which we are returning herewith as requested.#

We have examined this draft and find that the alteration, which is quite apparent, was accomplished not by a chemical eradication, but rather by mechanical or manual means, maybe by erasure or knife. Therefore the protective values of our safety paper and sensitive tint are not involved.

We also observed that the ink from your check-writing machine in no wise penetrated the paper of this duplicate draft. If the same condition existed on the original, you can appreciate that it was a very easy alteration to make. Regardless of the type of machine used for filling out such forms, it is imperative that the ink should penetrate into the paper to guard against the possibility of a successful alteration of this type.

In addition to using a more penetrating ink, we would suggest that less space be left between the $-sign and the first numeral of the figures shown in the amount panel at the upper right.

We thank you for bringing this matter to our attention. Naturally we are sorry that you have had any inconvenience. Please be assured, however, that our forms as last furnished you are possessed of every protective value that is possible in documents of this kind.

Yours very truly,

Dear Sir:

Several years ago, the American Bank Note Co. prepared a series of Bonds for the Government of the Republic of Panamá, of which they kept in their files a small lot of overs, as follows:

10	(without	numbers)	$1.000	with	coupons	2/40,	Serie	A,	which	expire	on	Jan.1/46
5	"	"	500	"	"	2/40,	"	",	"	"	"	"	"

10	"	"	500	"	"	1/40	"	",	"	"	"	"	"

As this series of Bonds expired since 1946 and 1947, the Company judges that the Government of Panamá will not need the bonds in reference and for this reason they request you, with all respect, to please give them your authorization to cremate these bonds as well as to cancel the steel plates prepared to this effect.

Contesto los oficios recibidos el 24 y 25 del mes pasado.

El primero, relacionado con unas planchas de acero de las estampillas de un centésimos denominadas de "Lucha contra el cáncer", y el segundo, contra el sobrante de una serie de bonos para el Gobierno de la República de Panamá, que vencieron en el año de 1946 y 1947.

Este Despacho es de opinión de que tanto las planchas de acero como los sobrantes de bonos deben ser enviados a esta Contraloría para su destrucción.

De usted, atento servidor,

H Obarrio

Translation This is in reply to the letters received the 24th and 25th ulto. The first refers to some steel plates of the stamps of 1 centésimo called "Fight Against Cancer" stamps, and the second regarding the overs of a series of bonds for the Govt.of the Republic of Panama which matured in 1946 and 1947.

This Office is of the opinion that both the steel plates as well as the overs of bonds should be sent to this Controllership for destruction.

Re: Banco Nacional Guaranteed Sinking Fund 6½% Gold Bonds
Series A - Due Jan. 1, 1946
Series B - Due May 1, 1947

In the years 1926 and 1927 we were privileged to prepare for your bank the above-mentioned bond issues pursuant to order placed with us by your counsel in New York.

As these issues have matured, it is customary for us to cancel the engravings from which the bonds were printed and also cremate the unnumbered bonds we were instructed to hold subject to future numbering instructions, viz.:

10	$1000	bonds	with coupons	2/40,	Series	A
5	$ 500	"	"	"	"	"
20	$1000	"	"	1/40	"	B
10	$ 500	"	"	"	"	"

For your convenience, you may initial and return to us the enclosed duplicate of this letter as your approval of the procedure above-indicated.

Yours very truly,

Asst. Manager Foreign Dept.

We hereby authorize you to make the cancellations above-described.

We refer to your letter of June 22nd, with which you sent us letter of June 16th from Mr. Henrique Obarrio, Comptroller General of the Republic.

We cannot comply with his request for, as we believe you know, it is a rigid policy of this company that all engravings must remain in our custody. We never undertake to sell engravings and it might be said that the plates are merely some of the "tools" with which we prepare the stamps and other documents we undertake to furnish. Will you please reply to the Comptroller General's letter along the lines of the draft of letter enclosed herewith. For your letter please be sure to use the formal letter heads of the company on which your sister's name appears as our representative, of which she has a supply.

The bonds and the plates thereof referred to in the Comptroller's letter and earlier correspondence were not government issues, as is pointed out in the enclosed draft of letter, but were issues of the Banco Nacional, to whom we are writing directly, as per copy enclosed, inasmuch as the orders for same were placed in New York.

Very truly yours,

Asst. Manager Foreign Department

Draft of letter to the Contralor General

E. W. R. AUG 11 1948

On behalf of Miss Elena Ehrman, I have the pleasure of replying to your letter to her dated June 16th, No. 3971.

With regard to the steel printing plates to be destroyed, I must point to the rigid policy of the American Bank Note Company that all engravings it prepares must remain in its custody, which is obviously essential to maintain control of the number of impressions printed therefrom and thus carry out its obligations to its clients. The American Bank Note Company does "not undertake to sell engravings".

Referring particularly to the various issues of "Lucha contra el cancer" stamps, all stamps subsequent to the original issue were furnished against the usual "purchase orders" of the Sección de Materiales y Compras of the Ministerio de Hacienda y Tesoro. Reverting, however, to the original issue, that which carried the date "1939", a formal contract was executed under date of April 12, 1939, which contract specified the furnishing of 3,000,000 stamps. Among other conditions of the contract was one reserving to the Government of Panamá the right of ordering the destruction of the plates used in the preparation of the stamps in question and the American Bank Note Company is prepared to accomplish such destruction of the plates of all the obsolete issues, as well as the one of the 1938 issue covered by that contract, upon receipt of authorization to do so.

The company will, if desired, issue a certificate of cancellation after same is accomplished, and, if necessary, it could be arranged that the cancellation could be witnessed by a representative appointed by the government, for instance the Consul General in New York as was done in 1933 when other plates of obsolete issues were destroyed.

The company has on hand plates of "Lucha contra el cancer" issues bearing the dates 1939, 1940, 1942, 1943, 1945 and 1947. Perhaps you will desire that the 1947 plate be retained in case an additional printing is desired, and only the earlier ones destroyed. I will be pleased to pass on to the company your instructions.

As to the bonds and plates thereof referred to in earlier correspondence, the company begs you to excuse the inadvertence in having brought this matter to your attention inasmuch as the issues in question were not of the Government of Panamá.

With my distinguished consideration, I remain, etc.

Gentlemen:

We very much appreciate the order placed with us in your letter of the 11th, No. 18249, which you may be sure, will have our best attention, as always.

Before proceeding with the work there is one recommendation we would like to make, having in mind the incident of fraudulent alteration of which you informed us last year. As heretofore printed, your drafts have in the upper right, where the amount is written in figures, a panel made up of closely spaced lines printed in black. Our suggestion is to remove this panel, all but a single line at the bottom, so that the amount filled in will be written directly upon the sensitive underlying tint, which will afford somewhat improved security. We look forward to your advices on this point.

For furnishing 125,000 Original and Duplicate drafts arranged with both parts of the draft on the same side of the sheet but otherwise as last or with the change suggested above, our price is $1,750.00 U.S. Currency F.O.B. New York. We are in a position to make prompt delivery but will advise you more definitely of the actual time after the work is in hand.

Reiterating our thanks for this order, we remain,

February 15, 1949.

We are now in receipt of customer's instructions relative to changes desired in the drafts to be prepared on the above order and we are enclosing customer's rough patched specimen which we believe is self-explanatory. The use of duplicates is being discontinued and customer will use only single drafts hereafter.

With reference to the enclosed patched specimen, we believe the seal in upper left could be raised, together with the "Paguese" clause and following lines for better appearance. Also, it might be well to include the seal in the center of the tint, as well as in the face, now that the word "Original" is to be omitted from the tint.

Will you please prepare a model as quickly as possible for forwarding to the customer for approval.

Gentlemen:

Further to our letter of the 14th and again referring to yours of the 4th, we now take pleasure in enclosing a patched proof of the revised form. As you will observe, we have raised the seal at the left and some of the text to give a better general appearance and, furthermore, we propose to show the seal printed in Red, in the center, as part of the underlying tint, now that the word "Original" is to be omitted.

The change to a single check rather than the previous original and duplicate form will result in a considerable saving in the cost of executing your order and we are pleased to revise our price to $1,050.00 U.S. Currency, F.O.B. New York for supplying 125,000 single drafts, including the cost of the work done up to the time we received your cable of the 4th.

We trust you will find the enclosed patched proof in order and awaiting its return with your approval noted thereon, we remain,

Further to our letter of March 14th, we take pleasure in enclosing herewith the revised patched proof showing the inclusion of a picture of your building in the underlying tint, which we feel adds considerably to the document. You will, of course, understand that when engraved and printed the detail of the picture will be clear and the color of it will be the same as the balance of the tint. It is merely reproduced photographically on this proof for general effect.

The inclusion of this vignette will increase the cost of this first order by $60.00 to a total of $1,110.00 U.S. Currency, F.O.B. New York for 125,000 of these drafts.

Gentlemen:

We thank you for your letter of April 1st, in reference to yours of March 14th. We have in front of us the revised patched proof showing the inclusion of a picture of our building that you send to us with your letter under reply.

We are in conformity with your proof, and of course, we understand that when engraved and printed the detail of the picture will be clear and the color of it will be the same as the balance of the tint. This means of course that the lines forming an square on the patched proof of the picture of our building will not be reproduced in the final print.

We are in receipt of your letter of the 8th with which you returned to us our patched proof of your revised draft form.

You mention your understanding that the lines forming a square around the picture of your building will not be reproduced in the actual printing of the drafts. It was our intention, however, to include the said lines to form a frame around the picture and a separation from the lettering of the surrounding tint, which makes for a preferable appearance. The enclosed specimen check of the Lake Shore National Bank, Z48975, which please return to us in due course, illustrates the effect when printed.

We will await your further advices before proceeding with your order.

This differs from the copy first furnished on the order when it was intended that the form consist of original and duplic ate, at which time the copy furnished us carried the 9 star emblem. There are other text differences in the two emblems. This shipment will be accepted by the AMERICAN EXPRESS CO. (hereinafter called "the Company") from the owner, consignee or shipper (hereinafter called "the Sender"), subject to the following terms and conditions.

1. The Company assumes no liability as a carrier, and is not to be held responsible for any loss or damage to the goods to be forwarded, but undertakes only to use reasonable care in the selection of carriers, truckmen, lightermen, forwarders, agents, warehousemen and others to whom it may entrust the goods for transportation, handling and/or storage or otherwise.

2. The Company is authorized to select and engage carriers, truckmen, lightermen, forwarders, agents, warehousemen and others, as required to transport, store, deal with and deliver the goods, all of who mshall be considered the agents of the Sender, and the goods may be entrusted to such agencies subject to all conditions as to limitation of liability for loss or damage, and to all rules, regulations, requirements and conditions, whether printed, written or stamped, appearing in bills of lading, receipts or tariffs issued by such carriers, truckmen, lightermen, forwarders, agents, warehousemen and others.

3. The Company shall under no circumstances be liable for any loss, damage or delay to the said goods or any part thereof, occasioned by act of God, or perils or accidents of the sea or other waters, or of navigation or transportation, or by fire or explosion from any cause, or by theft or pilferage by any person whatsoever, or by restraint of governors, princes, rulers or peoples, or by legal process or stoppage in transit, or by fumigation or other acts or requirements of quarantine or sanitary authorities, or by epidemics, pestilence, riots or rebellions, or by war, or by any of the damages incident to a state of war, or by acts of any person or groups of persons purporting to wage war, or acting as belligerents, or by strikes or stoppage of labor, or negligence of others, by unseaworthiness of any vessel, lighter or other craft whatsoever, or resulting from the navigation thereof, whether existing at the time that the goods are placed on board, or at the beginning of the voyage; or by water, heating or effects of climate, frost, decay, smell, taint, rust, sweat, dampness, mildew, spotting, rain or spray; inherent vice, drainage, leakage, breakage, vermin, improper or insufficient packing, inaccuracies, or obliterations, errors, insufficiency or absence of marks, numbers, address or description of goods, or for breakage of any fragile articles or damage of any materials consisting of or contained in glass or other fragile substances, or for any damage to or resulting from dangerous corrosive, explosive or inflammable goods, even though the true nature thereof has been declared to the Company or for any cause whatsoever.

4. Inasmuch as carriers limit their liability for loss or damage, unless a freight rate based on valuation is made with said carriers, the Company must receive special written instructions from the Sender to pay such higher freight rate based on valuation; otherwise the valuation placed by the Sender on the goods shall be considered as solely for customs purposes, and the goods will be delivered to the carriers, subject to all limitations of liability. Such special written instructions indicating value do not in any manner relate to insurance, which is provided for in Paragraphs No. 5 and No. 6.

5. Marine, fire, theft and other insurance will be effected upon the goods only after special written instructions have been received by the Company, in sufficient time before forwarding the goods, and the Sender at the same time states specifically the amount of insurance to be placed upon the goods, and the kind of insurance desired, insurance premium and charge of the company for arranging the same to be at the Sender's expense. If for any reason the goods are held in warehouse, or elsewhere, the same will not be covered by any insurance, unless the Company receives written instructions from the Sender, in which event the Company will use reasonable efforts to effect the Insurance desired, at Sender's expense. Insurance when ordered by the Sender as referred to herin, is to be effected with one or more insurance companies or other underwriters to be selected by the Company, and such insurance to be governed by the certificate or policy issued and will only be effective when accepted by such insurance companies or other underwriters.

6. Instructions "to insure against all risks" will be construed to mean to insure against ordinary marine risks only, subject to the conditions of the insurance policy under which such insurance is effected. If insurance against any other risks, such as theft, pilferage, leakage, breakage, fresh water damages, ship's sweat, rust, non-delivery, contact with other cargo, or against any other risk is desired by the Sender, then special written instructions must be received by the Company in sufficient time prior to forwarding to effect the same.

7. The Sender represents to and agrees with the Company that the value of the goods does not exceed the sum of $50.00 per package (or the invoice value thereof, if less), and that the compensation of the Company for its services is based upon such valuation. In consideration of such compensation of the Company, the Sender agrees that the Company shall in no event be liable for any loss or damage to the goods, or for any other cause whatsoever, for any amount in excess of $50.00 per package (or the invoice value, if less), and any partial loss or damage for which the Company may be liable shall be adjusted pro rata on the basis of such valuation. The Sender has the option of paying a special compensation to the Company based upon a value in excess of $50.00 per package, in case of any loss or damage from causes which would make the Company liable; but such option can be exercised only by special written agreement made with the Company prior to shipment, which agreement shall indicate the limit of the Company's liability and the special compensation for the particular risks by it to be assumed.

8. In no event shall the Company be liable for any act, omission, or default in connection with the within shipment, unless a claim therefor shall be presented to it at its office in New York within six (6) months from date of shipment of the goods to the Company,in a statement to which sworn proof of claim shall be attached. No suit to recover for any claim or demand hereunder shall in any event be maintained against the Company unless instituted within three (3) months after presentation of the said claim as above provided. No agent or employee of the Company shall have authority to alter or waive any of the requirements of this clause.

9. It is agreed that any claim or demand for loss, damage, or delay, or any other cause, shall be only against the carrier, truckmen, lightermen, forwarders, agents, warehousemen or others in whose actual custody the goods may be at the time of such loss, damage or delay, and that the Company shall not be liable or responsible for any claim or demand from any cause whatsoever, unless in each case the damages alleged to have been suffered be proven to be caused by the negligence of the Company, its officers or employees, in which event the limitation of liability set forth in Paragraph No. 7 hereof shall apply.

10. The Company is authorized at its option, to receive bills of lading or receipts, or arrange for the transportation of the goods, either in the name of the Sender or in the name of the Company. If the Sender requires delivery to it of a bill of lading issued by a steamship company or other common carrier covering the within shipment, it must notify the Company to that effect prior to the arrival of the goods at the port from which they are to be shipped. Unless such instructions are so received by the Company, it is agreed that the Company may at its option (but without any obligation so to do) consign the goods in the care of an agent or other forwarder, or other person, company or corporation selected by the Company at the port of arrival or other place, and issue to the Sender the Company's freight receipt, and the Sender hereby accepts and agrees to all of the clauses, terms and conditions appearing in said freight receipt, a specimen copy whereof will be furnished to the Sender upon request.

11. The Company shall not be obligated to incur any expense or advance any money in connection with the forwarding of the goods, unless the same is previously advanced to the Company by the Sender on demand.

12. The Sender agrees to furnish to the Company, prior to the shipment of the goods, proper consular declaration, weights, measures and values, and other information, in the language of and as required by the laws and customs regulations of the country of destination of the goods, failing which the Company will use the best judgment in the compilation of consular invoices and other documents, but it is agreed that the Company shall not be responsible for any loss, fines, confiscation, or damages resulting from any errors, mis-description of the goods, improper weights, or values, or from any other cause.

13. The Company shall have a general lien on any property of the Sender in its possession, for all claims for charges and expenses incurred in connection with any shipments of the Sender, and if such claim remains unsatisfied for thirty (30) days after demand for its payment is made, the Company is given the right to sell at public auction or private sale, without notice to the Sender, the goods, wares, and/or merchandise, or so much thereof as may be necessary to satisfy such lien, and apply the net proceeds of such sale to the payment of its charges. The confiscation of the goods by any Government shall not affect the liability of the Sender to the Company in respect to the payment of all charges.

14. In event of the goods being refused at destination or remaining unclaimed at destination or any transshipping point in the course of transit or being returned for any reason, the Sender shall nevertheless pay the Company for all charges and expenses in connection therewith. Nothing herein contained shall obligate the Company to arrange for the return of the goods.

15. Goods forwarded with the Sender's instructions to "Collect on Delivery" (C. O. D.) by drafts or otherwise, or to collect on any specified terms by time draft or otherwise, are only accepted by the Company upon the express understanding that it will exercise reasonable care in the selection of a bank or correspondent to whom it will send such item for collection, and the Company will not be responsible for any act, omission, default, suspension, insolvency or want of care, negligence, or fault of such bank, correspondent, or agent nor for any delay in remittance, loss in exchange, or loss during transmission, or while in the course of collection.

16. The compensation of the Company for its services shall be included with and is in addition to the rates and charges of all carriers and other agencies selected by the Company to transport and deal with the goods. The Company's compensation shall also include all brokerages, commissions, profits and sums received by the Company from carriers, insurers and others in connection with the shipment.

Under Deck, Valued at Sum Insured

per S.S. SANTA LUISA *and/or other Steamer or Steamers,*

at and from New York, N. Y., to Panama, Republic of Panama

direct or otherwise

It is understood and agreed that in case of loss the same is payable to the order of

AMERICAN BANK NOTE COMPANY,

on surrender of this certificate, which conveys the right of collecting, any such loss as fully as if the property were covered by a special policy direct to the holder hereof, and free from any liability for unpaid premiums. This certificate is subject to all the terms of the open policy, provided, however, that the rights of a bona fide holder of this certificate for value shall not be prejudiced by any terms of the open policy which are in conflict with the terms of this certificate.

The following Warranties shall be paramount and shall not be modified or superseded by any other provision included herein or stamped or endorsed hereon unless such other provision refers specifically to the risks excluded by these warranties and expressly assumes the said risks.

(A) Notwithstanding anything herein contained to the contrary, this insurance is warranted free from capture, seizure, arrest, restraint, detainment, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise; also warranted free from all consequences of hostilities or warlike operations (whether there be a declaration of war or not); but this warranty shall not exclude collision, contact with any fixed or floating object (other than a mine or torpedo), stranding, heavy weather or fire unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purpose of this warranty "power" includes any authority maintaining naval, military or air forces in association with a power.

Further warranted free from the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising therefrom, or piracy.

(B) Warranted free of loss or damage caused by or resulting from strikes, lockouts, labor disturbances, riots, civil commotions or the acts of any person or persons taking part in any such occurrence or disorder.

It is hereby agreed that any loss or claim under this Certificate shall be paid at the office of the Company in New York, or at the offices of the Agents of the Company, Exchange Buildings, Liverpool, or at the Agency of the Company at port or place of destination, or, if the Company is not represented at port or place of destination, at the nearest Agency amongst those specified in the list on back hereof.

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

NOTICE—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

SPECIAL CONDITIONS

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotion Warranties appearing elsewhere hereon.

While on deck of ocean vessel:—

"Free of Particular Average unless caused by the vessel and/or interest insured being stranded, sunk, burnt, on fire or in collision with another ship or vessel or with ice or with any substance other than water, but liable for jettison and/or washing overboard, irrespective of percentage."

This insurance is subject to the following American Institute Clauses:

Amended F. C. & S. Warranty (February, 1949)
Marine Extension Clauses (April, 1943)
S. R. & C. C. Endorsement — Form No. 6-A (Feb. 1949)
War Risk Insurance — Form 3-O (June, 1949)

Where the words "including M. E. C." are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute Marine Extension Clauses (April, 1943).

INCLUDING M.E.C.

Where the words "including Strike Risks" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute S. R. & C. C. Clauses, form 5-A (Feb. 1941).

INCLUDING STRIKE RISKS

Where the words "including War Risk" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute War Risk Clauses, form 3-M (Feb., 1946).

INCLUDING WAR RISK

1. This insurance attaches from the time the goods leave the Warehouse and/or Store at the place named in this certificate or special policy for the commencement of the transit and continues during the ordinary course of transit, including customary transhipment if any, until the goods are discharged overside from the overseas vessel at the final port. Thereafter the insurance continues whilst the goods are in transit and/or awaiting transit until delivered to final warehouse at the destination named in this certificate or special policy or until the expiry of 15 days (or 30 days if the destination to which the goods are insured is outside the limits of the port) whichever shall first occur. The time limits referred to above to be reckoned from midnight of the day on which the discharge overside of the goods hereby insured from the overseas vessel is completed. Held covered at a premium to be arranged in the event of transhipment, if any, other than as above and/or in the event of delay in excess of the above time limits arising from circumstances beyond the control of the Assured.

It is necessary for the Assured to give prompt notice to these Assurers when they become aware of an event for which they are "held covered" under this policy and the right to such cover is dependent on compliance with this obligation.

2. Including transit by craft and/or lighter to and from the vessel. Each craft and/or lighter to be deemed a separate insurance. The Assured are not to be prejudiced by any agreement exempting lightermen from liability.

3. This insurance shall not be vitiated by any unintentional error in description of vessel, voyage or interest, or by deviation, over-carriage, change of voyage, transhipment or any other interruption of the ordinary course of transit, from causes beyond the control of the Assured. It is agreed, however, that any such error, deviation or other occurrence mentioned above shall be reported to this Company as soon as known to the Assured, and additional premium paid if required.

4. Notwithstanding any average warranty contained herein, these Assurers agree to pay any landing, warehousing, forwarding and special charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package or packages which may be totally lost in loading, transhipment or discharge.

5. In case of damage affecting labels, capsules or wrappers, these Assurers, if liable therefor under the terms of this policy, shall not be liable for more than an amount sufficient to pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the goods, but in no event shall these Assurers be liable for more than the insured value of the damaged merchandise.

6. When the property insured under this policy includes a machine consisting when complete for sale or use of several parts, then in case of loss or damage covered by this insurance to any part of such machine, these Assurers shall be liable only for the proportion of the insured value of the part lost or damaged, or at the Assured's option, for the cost and expense, including labor and forwarding charges, of replacing or repairing the lost or damaged part; but in no event shall these Assurers be liable for more than the insured value of the complete machine.

7. General Average and Salvage Charges payable according to United States laws and usage and/or as per Foreign Statement and/or as per York-Antwerp Rules (as prescribed in whole or in part) if in accordance with the Contract of Affreightment.

8. Including the risk of explosion, howsoever or wheresoever occurring during the currency of this insurance, unless excluded by the F. C. & S. Warranty or the S. R. & C. C. Warranty set forth herein.

9. Where this insurance by its terms covers while on docks, wharves or elsewhere on shore, and/or during land transportation, it shall include the risks of collision, derailment, overturning or other accident to the conveyance, fire, lightning, sprinkler leakage, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks or wharves, even though the insurance be otherwise F.P.A.

10. The Assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party. The seaworthiness of the vessel as between the Assured and these Assurers is hereby admitted and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent Assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable on the policy. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations, and to be towed.

11. This insurance is also specially to cover any loss of or damage to the interest insured hereunder, through the bursting of boilers, breakage of shafts or through any latent defect in the machinery, hull or appurtenances, or from faults or errors in the navigation and/or management of the vessel by the master, mariners, mates, engineers or pilots.

12. Warranted free of claim for loss of market or for loss, damage or deterioration arising from delay, whether caused by a peril insured against or otherwise, unless expressly assumed in writing hereon.

13. Where goods are shipped under a Bill of Lading containing the so-called "Both to Blame Collision" Clause, these Assurers agree as to all losses covered by this insurance, to indemnify the Assured for this policy's proportion of any amount (not exceeding the amount insured) which the Assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the Assured agree to notify these Assurers who shall have the right at their own cost and expense to defend the Assured against such claim.

14. No recovery for a Constructive Total Loss shall be had hereunder unless the property insured is reasonably abandoned on account of its actual total loss appearing to be unavoidable, or because it cannot be preserved from actual total loss without an expenditure which would exceed its value when the expenditure had been incurred.

15. Warranted that this insurance shall not inure, directly or indirectly, to the benefit of any carrier or bailee.

Not valid unless countersigned by J. M. FLYNN or B. BERTOSEN.

Countersigned, B. Bertosen

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, or in case of loss by theft, pilferage, non-delivery or negligence (if covered by this insurance) in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known and a copy thereof and a reply thereto must accompany any claim presented under this insurance certificate, in addition to the usual certificate of loss issued by the Underwriters Agent. Filing claim against carrier will not affect your rights under your insurance certificate.

Dear Miss Ehrman:

It has come to our attention that a change in the Monetary Law of Panamá is contemplated and that the Banco Nacional de Panamá will be authorized to issue notes in the form of gold certificates.

We understand that the new currency will be called "Libra" (Pound) and be equivalent to 10 Balboas or 10 U.S.Dollars.

We are naturally most interested in this matter and would greatly appreciate a report from you at your earliest convenience.

Gentlemen:

We acknowledge receipt of your letter of January 9th, No.495, with enclosures, requesting our quotation for 10,000 Original and Duplicate drafts, which we are pleased to give you herein.

For furnishing 10,000 sets of drafts, arranged with both parts on the same side of the sheet and removing the amount panel in the upper right, as was done on your single checks, for added security, but otherwise as last supplied, our price is U.S.$285., F.O.B. New York.

For 10,000 sets of drafts in the same form as above but including the vignette of your building in the tint, located in the same position as on your single drafts, and eliminating the white-faced words "Original and "Duplicado", our price will still be U.S.$285., F.O.B. New York. If you should wish to continue the use of the above words, we could place them below the vignette at an additional cost of U.S.$25., making the total price U.S.$310., F.O.B. New York.

Trusting that the above prices will meet with your approval, and that we may have the pleasure of being of further service to you, we remain

Gentlemen:

We take pleasure in acknowledging receipt of your two letters of September 7th, Nos.14680 and 14680A, and have already entered your orders for 125,000 single checks and 10,000 Original and Duplicate drafts.

Our prices for the above will be U.S.$1,150. and U.S.$285., F.O.B. New York, respectively, which we trust will meet with your approval.

The single checks will be an exact reprint of those which we had the pleasure of preparing for you in accordance with your order of April 8th, 1949.

As regards the Original and Duplicate drafts, both parts will be printed on the same side of the sheet. The amount panel in the upper right will be removed, for the same reason that it was done on your single checks, for added security. Otherwise the drafts will be the same as we last supplied.

As soon as we can ascertain a delivery date, we shall advise you.

We thank you for having placed these orders with us and beg to assure you that they will have our most careful attention.

Very truly yours,

AMERICAN BANK NOTE COMPANY

EXPORT SHIPPING INSTRUCTIONS

To AMERICAN EXPRESS CO. ..... 19 ..

This Shipment will be accepted by the AMERICAN EXPRESS CO. (hereinafter called "the Company") from the owner, consignee or shipper (hereinafter called "the Sender"), subject to the following terms and conditions.

1. The Company assumes no liability as a carrier, and is not to be held responsible for any loss or damage to the goods to be forwarded, but undertakes only to use reasonable care in the selection of carriers, truckmen, lightermen, forwarders, agents, warehousemen and others to whom it may entrust the goods for transportation, handling and/or storage or otherwise.

2. The Company is authorized to select and engage carriers, truckmen, lightermen, forwarders, agents, warehousemen and others, as required to transport, store, deal with and deliver the goods, all of whom shall be considered the agents of the Sender, and the goods may be entrusted to such agencies subject to all conditions as to limitation of liability for loss or damage, and to all rules, regulations, requirements and conditions, whether printed, written or stamped, appearing in bills of lading, receipts or tariffs issued by such carriers, truckmen, lightermen, forwarders, agents, warehousemen and others.

3. The Company shall under no circumstances be liable for any loss, damage or delay to the said goods or any part thereof, occasioned by act of God, or perils or accidents of the sea or other waters, or of navigation or transportation, or by fire or explosion from any cause, or by theft or pilferage by any person whatsoever, or by restraint of governors, princes, rulers or peoples, or by legal process or stoppage in transit, or by fumigation or other acts or requirements of quarantine or sanitary authorities, or by epidemics, pestilence, riots or rebellion, or by war, or by any of the damages incident to a state of war, or by acts of any person or groups of persons purporting to wage war, or acting as belligerents, or by strikes or stoppage of labor, or negligence of others, by unseaworthiness of any vessel, lighter or other craft whatsoever, or resulting from the navigation thereof, whether existing at the time that the goods are placed on board, or at the beginning of the voyage; or by water, heating or effects of climate, frost, decay, smell, taint, rust, sweat, dampness, mildew, spotting, rain or spray; inherent vice, drainage, leakage, breakage, vermin, improper or insufficient packing, inaccuracies, or obliterations, errors, insufficiency or absence of marks, numbers, address or description of goods, or for breakage of any fragile articles or damage of any materials consisting of or contained in glass or other fragile substances, or for any damage to or resulting from dangerous corrosive, explosive or inflammable goods, even though the true nature thereof has been declared to the Company or for any cause whatsoever.

4. Inasmuch as carriers limit their liability for loss or damage, unless a freight rate based on valuation is made with said carriers, the Company must receive special written instructions from the Sender to pay such higher freight rate based on valuation; otherwise the valuation placed by the Sender on the goods shall be considered as solely for customs purposes, and the goods will be delivered to the carriers, subject to all limitations of liability. Such special written instructions indicating value do not in any manner relate to insurance, which is provided for in Paragraphs No. 5 and No. 6.

5. Marine, fire, theft and other insurance will be effected upon the goods only after special written instructions have been received by the Company, in sufficient time before forwarding the goods, and the Sender at the same time states specifically the amount of insurance to be placed upon the goods, and the kind of insurance desired, insurance premium and charge of the company for arranging the same to be at the Sender's expense. If for any reason the goods are held in warehouse, or elsewhere, the same will not be covered by any insurance, unless the Company receives written instructions from the Sender, in which event the Company will use reasonable efforts to effect the Insurance desired, at Sender's expense. Insurance when ordered by the Sender as referred to herein, is to be effected with one or more insurance companies or other underwriters to be selected by the Company, and such insurance to be governed by the certificate or policy issued and will only be effective when accepted by such insurance companies or other underwriters.

6. Instructions "to insure against all risks" will be construed to mean to insure against ordinary marine risks only, subject to the conditions of the insurance policy under which such insurance is effected. If insurance against any other risks, such as theft, pilferage, leakage, breakage, fresh water damages, ship's sweat, rust, non-delivery, contact with other cargo, or against any other risk is desired by the Sender, then special written instructions must be received by the Company in sufficient time prior to forwarding to effect the same.

7. The Sender represents to and agrees with the Company that the value of the goods does not exceed the sum of $50.00 per package (or the invoice value thereof, if less), and that the compensation of the Company for its services is based upon such valuation. In consideration of such compensation of the Company, the Sender agrees that the Company shall in no event be liable for any loss or damage to the goods, or for any other cause whatsoever, for any amount in excess of $50.00 per package (or the invoice value, if less), and any partial loss or damage for which the Company may be liable shall be adjusted pro rata on the basis of such valuation. The Sender has the option of paying a special compensation to the Company based upon a value in excess of $50.00 per package, in case of any loss or damage from causes which would make the Company liable; but such option can be exercised only by special written agreement made with the Company prior to shipment, which agreement shall indicate the limit of the Company's liability and the special compensation for the particular risks by it to be assumed.

8. In no event shall the Company be liable for any act, omission, or default in connection with the within shipment, unless a claim therefor shall be presented to it at its office in New York within six (6) months from sale of shipment of the goods to the Company, in a statement to which sworn proof of claim shall be attached. No suit to recover for any claim or demand, hereunder shall in any event be maintained against the Company unless instituted within three (3) months after presentation of the said claim as above provided. No agent or employee of the Company shall have authority to alter or waive any of the requirements of this clause.

9. It is agreed that any claim or demand for loss, damage, or delay, or any other cause, shall be only against the carrier, truckmen, lightermen, forwarders, agents, warehousemen or others in whose actual custody the goods may be at the time of such loss, damage or delay, and that the Company shall not be liable or responsible for any claim or demand from any cause whatsoever, unless in each case the damages alleged to have been suffered be proven to be caused by the negligence of the Company, its officers or employees, in which event the limitation of liability set forth in Paragraph No. 7 hereof shall apply.

10. The Company is authorized at its option, to receive bills of lading or receipts, or arrange for the transportation of the goods, either in the name of the Sender or in the name of the Company. If the Sender requires delivery to it of a bill of lading issued by a steamship company or other common carrier covering the within shipment, it must notify the Company to that effect prior to the arrival of the goods at the port from which they are to be shipped. Unless such instructions are so received by the Company, it is agreed that the Company may at its option (but without any obligation so to do) consign the goods in the care of an agent or other forwarder, or other person, company or corporation selected by the Company at the port of arrival or other place, and issue to the Sender the Company's freight receipt, and the Sender hereby accepts and agrees to all of the clauses, terms and conditions appearing in said freight receipt, a specimen copy whereof will be furnished to the Sender upon request.

11. The Company shall not be obligated to incur any expense or advance any money in connection with the forwarding of the goods, unless the same is previously advanced to the Company by the Sender on demand.

12. The Sender agrees to furnish to the Company, prior to the shipment of the goods, proper consular declaration, weights, measures and values, and other information, in the language of and as required by the laws and customs regulations of the country of destination of the goods, failing which the Company will use the best judgment in the compilation of consular invoices and other documents, but it is agreed that the Company shall not be responsible for any loss, fines, confiscation, or damages resulting from any errors, mis-description of the goods, improper weights, or values or from any other cause.

13. The Company shall have a general lien on any property of the Sender in its possession, for all claims for charges and expenses incurred in connection with any shipments of the Sender, and if such claim remains unsatisfied for thirty (30) days after demand for its payment is made, the Company is given the right to sell at public auction or private sale, without notice to the Sender, the goods, wares, and/or merchandise, or so much thereof as may be necessary to satisfy such lien, and apply the net proceeds of such sale to the payment of its charges. The confiscation of the goods by any Government shall not affect the liability of the Sender to the Company in respect to the payment of all charges.

14. In event of the goods being refused at destination or remaining unclaimed at destination or any transshipping point in the course of transit or being returned for any reason, the Sender shall nevertheless pay the Company for all charges and expenses in connection therewith. Nothing herein contained shall obligate the Company to arrange for the return of the goods.

15. Goods forwarded with the Sender's instructions to "Collect on Delivery" (C. O. D.) by drafts or otherwise, or to collect on any specified terms by time draft or otherwise, are only accepted by the Company upon the express understanding that it will exercise reasonable care in the selection of a bank or correspondent to whom it will send such item for collection, and the Company will not be responsible for any act, omission, default, suspension, insolvency or want of care, negligence, or fault of such bank, correspondent, or agent nor for any delay in remittance, loss in exchange, or loss during transmission, or while in the course of collection.

16. The compensation of the Company for its services shall be included with and is in addition to the rates and charges of all carriers and other agencies selected by the Company to transport and deal with the goods. The Company's compensation shall also include all brokerages, commissions, profits and sums received by the Company from carriers, insurers and others in connection with the shipment.

NEW YORK, N. Y., November 23, 1953

This is to Certify, *That this Company has insured under Policy No.* **FO-15090,**

for **AMERICAN BANK NOTE COMPANY,**

the sum of ONE THOUSAND SIX HUNDRED AND EIGHTY DOLLARS AND 100/00 *Dollars*

on 7 cases printed matter

Under Deck, Valued at Sum Insured

per SS ANCON *and/or other Steamer or Steamers,*

at and from New York, N. Y., to Panama, Republica De Panama

direct or otherwise

It is understood and agreed that in case of loss the same is payable to the order of

AMERICAN BANK NOTE COMPANY,

on surrender of this certificate, which conveys the right of collecting, any such loss as fully as if the property were covered by a special policy direct to the holder hereof, and free from any liability for unpaid premiums. This certificate is subject to all the terms of the open policy, provided, however, that the rights of a bona fide holder of this certificate for value shall not be prejudiced by any terms of the open policy which are in conflict with the terms of this certificate.

The following Warranties shall be paramount and shall not be modified or superseded by any other provision included herein or stamped or endorsed hereon unless such other provision refers specifically to the risks excluded by these warranties and expressly assumes the said risks.

(A) "Notwithstanding anything herein contained to the contrary, this insurance is warranted free from capture, seizure, arrest, restraint, detainment, confiscation, preemption, requisition or nationalization, and the consequences thereof or any attempt thereat, whether in time of peace or war and whether lawful or otherwise; also warranted free, whether in time of peace or war, from all loss or damage caused by any weapon of war employing atomic fission or radioactive force; also warranted free from all consequences of hostilities or warlike operations (whether there be a declaration of war or not) but this warranty shall not exclude collision, explosion or contact with any fixed or floating object (other than a mine or torpedo), stranding, heavy weather or fire unless caused directly (and independently of the nature of the voyage or service which the vessel concerned or, in the case of a collision, any other vessel involved therein, is performing) by a hostile act by or against a belligerent power; and for the purpose of this warranty 'power' includes any authority maintaining naval, military or air forces in association with a power."

"Further warranted free from the consequences of civil war, revolution, rebellion, insurrection, or civil strife arising therefrom, or piracy."

(B) Warranted free of loss or damage caused by or resulting from strikes, lockouts, labor disturbances, riots, civil commotions or the acts of any person or persons taking part in any such occurrence or disorder.

It is hereby agreed that any loss or claim under this Certificate shall be paid at the office of the Company in New York, or at the offices of the Agents of the Company, Exchange Buildings, Liverpool, or at the Agency of the Company at port or place of destination, or, if the Company is not represented at port or place of destination, at the nearest Agency amongst those specified in the list on back hereof.

Claims to be adjusted according to the usages of Lloyds, but subject to the conditions of the Policy and Contract of Insurance.

NOTICE—To conform with the Revenue Laws of Great Britain, in order to collect a claim under this Certificate, it must be stamped within ten days after its receipt in the United Kingdom.

SPECIAL CONDITIONS

Under Deck shipments are insured:

Against all risks of loss or damage to the merchandise insured howsoever occurring, irrespective of percentage excepting risks excluded by the F. C. & S. (Free of Capture & Seizure) and Strikes, Riots and Civil Commotion Warranties appearing elsewhere hereon.

While on deck of ocean vessel:—

"Free of Particular Average unless caused by the vessel and/or interest insured being stranded, sunk, burnt, on fire or in collision with another ship or vessel or with ice or with any substance other than water, but liable for jettison and/or washing overboard, irrespective of percentage."

Where the words "including M. E. C." are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute Marine Extension Clauses (April, 1943).

INCLUDING M.E.C.

Where the words "including Strike Risks" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute S. R. & C. C. Clauses, form 6-A (Feb., 1949).

INCLUDING STRIKE RISKS

Where the words "including War Risk" are typed in the space below at the time the certificate is issued, this insurance is subject to the American Institute War Risk Clauses, form 3-P (March, 1951).

INCLUDING WAR RISK

1. This insurance attaches from the time the goods leave the Warehouse and/or Store at the place named in this certificate or special policy for the commencement of the transit and continues during the ordinary course of transit, including customary transhipment if any, until the goods are discharged overside from the overseas vessel at the final port. Thereafter the insurance continues whilst the goods are in transit and/or awaiting transit until delivered to final warehouse at the destination named in this certificate or special policy or until the expiry of 15 days (or 30 days if the destination to which the goods are insured is outside the limits of the port) whichever shall first occur. The time limits referred to above to be reckoned from midnight of the day on which the discharge overside of the goods hereby insured from the overseas vessel is completed. Held covered at a premium to be arranged in the event of transhipment, if any, other than as above and/or in the event of delay in excess of the above time limits arising from circumstances beyond the control of the Assured.

It is necessary for the Assured to give prompt notice to these Assurers when they become aware of an event for which they are "held covered" under this policy and the right to such cover is dependent on compliance with this obligation.

2. Including transit by craft and/or lighter to and from the vessel. Each craft and/or lighter to be deemed a separate insurance. The Assured are not to be prejudiced by any agreement exempting lightermen from liability.

3. This insurance shall not be vitiated by any unintentional error in description of vessel, voyage or interest, or by deviation, over-carriage, change of voyage, transhipment or any other interruption of the ordinary course of transit, from causes beyond the control of the Assured. It is agreed, however, that any such error, deviation or other occurrence mentioned above shall be reported to this Company as soon as known to the Assured, and additional premium paid if required.

4. Notwithstanding any average warranty contained herein, these Assurers agree to pay any landing, warehousing, forwarding and special charges for which this policy in the absence of such warranty would be liable. Also to pay the insured value of any package or packages which may be totally lost in loading, transhipment or discharge.

5. In case of damage affecting labels, capsules or wrappers, these Assurers, if liable therefor under the terms of this policy, shall not be liable for more than an amount sufficient to pay the cost of new labels, capsules or wrappers, and the cost of reconditioning the goods, but in no event shall these Assurers be liable for more than the insured value of the damaged merchandise.

6. When the property insured under this policy includes a machine consisting when complete for sale or use of several parts, then in case of loss or damage covered by this insurance to any part of such machine, these Assurers shall be liable only for the proportion of the insured value of the part lost or damaged, or at the Assured's option, for the cost and expense, including labor and forwarding charges, of replacing or repairing the lost or damaged part; but in no event shall these Assurers be liable for more than the insured value of the complete machine.

7. General Average and Salvage Charges payable according to United States laws and usage and/or as per Foreign Statement and/or as per York-Antwerp Rules (as prescribed in whole or in part) if in accordance with the Contract of Affreightment.

8. Including the risk of explosion, howsoever or wheresoever occurring during the currency of this insurance, unless excluded by the F. C. & S. Warranty or the S. R. & C. C. Warranty set forth herein.

9. Where this insurance by its terms covers while on docks, wharves or elsewhere on shore, and/or during land transportation, it shall include the risks of collision, derailment, overturning or other accident to the conveyance, fire, lightning, sprinkler leakage, cyclones, hurricanes, earthquakes, floods (meaning the rising of navigable waters), and/or collapse or subsidence of docks or wharves, even though the insurance be otherwise F.P.A.

10. The Assured are not to be prejudiced by the presence of the negligence clause and/or latent defect clause in the Bills of Lading and/or Charter Party. The seaworthiness of the vessel as between the Assured and these Assurers is hereby admitted and the wrongful act or misconduct of the shipowner or his servants causing a loss is not to defeat the recovery by an innocent Assured if the loss in the absence of such wrongful act or misconduct would have been a loss recoverable on the policy. With leave to sail with or without pilots, and to tow and assist vessels or craft in all situations, and to be towed.

11. This insurance is also specially to cover any loss of or damage to the interest insured hereunder, through the bursting of boilers, breakage of shafts or through any latent defect in the machinery, hull or appurtenances, or from faults or errors in the navigation and/or management of the vessel by the master, mariners, mates, engineers or pilots.

12. Warranted free of claim for loss of market or for loss, damage or deterioration arising from delay, whether caused by a peril insured against or otherwise, unless expressly assumed in writing hereon.

13. Where goods are shipped under a Bill of Lading containing the so-called "Both to Blame Collision" Clause, these Assurers agree as to all losses covered by this insurance, to indemnify the Assured for this policy's proportion of any amount (not exceeding the amount insured) which the Assured may be legally bound to pay to the shipowners under such clause. In the event that such liability is asserted the Assured agree to notify these Assurers who shall have the right at their own cost and expense to defend the Assured against such claim.

14. No recovery for a Constructive Total Loss shall be had hereunder unless the property insured is reasonably abandoned on account of its actual total loss appearing to be unavoidable, or because it cannot be preserved from actual total loss without an expenditure which would exceed its value when the expenditure had been incurred.

15. Warranted that this insurance shall not inure, directly or indirectly, to the benefit of any carrier or bailee.

INSTRUCTIONS TO CLAIMANTS

Any loss or damage which may happen to the property insured under this certificate shall be reported as soon as the goods are landed or the loss is known or expected, to the agent of the Insurers located at the port of discharge or disaster (see list below). If there be no such agent at or near such port, such notice shall be given to an accredited representative of the Board of Underwriters of New York. *In case of loss or damage, produce this certificate for said agent's or representative's inspection and request him to hold a survey and issue a certificate stating the cause and extent of the loss or damage.* If there be no agent of the Insurers at the port of discharge or disaster, nor a representative of the Board of Underwriters of New York, certificate of survey should be obtained from Lloyds agent at destination.

After the foregoing formalities have been complied with, the complete documents (survey report, policy, invoice, bill of lading, letter to carrier and latter's reply) should be sent to the Insurer's agents (named below) to enable them to decide as to the liability of the Insurers.

IMPORTANT NOTICE

When cargo is received from the carrier in a damaged condition, or in case of loss by theft, pilferage, non-delivery or negligence (if covered by this insurance) in order to save for yourselves or your underwriters, any rights which you may have against the carrier, it is necessary for you to file notice of claim in writing against the carrier before taking delivery of the goods. Claim in writing must be filed with the carrier as soon as the actual loss or damage is known and a copy thereof and a reply thereto must accompany any claim presented under this insurance certificate, in addition to the usual certificate of loss issued by the Underwriters Agent. Filing claim against carrier will not affect your rights under your insurance certificate.

Gentlemen: Confirmation of Shipment

As advised in our letter dated November 19th, we have forwarded per the S.S. "Ancon", which sailed from New York on November 25th for Panama City, seven (7) cases, Nos.68/74, containing:

10,600 Original and Duplicate Drafts
129,000 Single Checks

being a complete shipment of your valued order dated September 7, 1953.

We have included in this shipment 4,600 forms which were good overs in the printing of this order. We have billed you for these additional drafts and checks at the same price per thousand established for the order.

We enclose consular invoice, bill of lading in duplicate, shipping invoice in triplicate and our bill in triplicate, in the amount of U.S.$1,517.51 covering this shipment.

For your convenience, we also enclose a copy of this letter which you may initial and return to us as evidence of your receipt of the above mentioned cases and shipping documents.
